Every vehicle over 3.5t needs a timeslot for delivery, reception and return of empties as well as the loading after the end of the fair. We cannot guarantee the loading and unloading for vehicles without a timeslot. Please note that neither solid nor empties can be stored during the fair.

Exhibitors who deliver by van or car and do not need a forklift have to deliver via the parking deck. The access via the parking deck to the hall is the ground level and there is no need for a lift.

Order timeslots for loading and unloading of empties as well as loading after the end of the fair.
